

January Newsletter

Happy New Year! We hope that you all are having fun holidays with your families. We are so glad that so many family members were able to come to our Christmas Party before the holidays. The children were so excited to have their families come to the preschool. We would also like to thank all the families for all the yummy treats for Christmas Party! I think we all put on a few pounds lol.

We are really looking forward to 2020! We are excited to welcome 5 new families to our preschool!! We have exciting activities planned and many learning opportunities for the children. This month we will be learning about winter animals. Our main focus will be learning about polar bears and penguins. We will learn about several popular species of Penguins and hibernation of Polar bears. It will be fun making a den for mummy polar bear and to learn why do mummy polar bear needs a den.

Appropriate clothing

Winter is officially here!!! We are unable to stay inside if a few children don't have the appropriate clothing so please remember to bring warm outdoor clothes!
🎒 Toque, mitts, winter boots, winter jacket, ski pants and scarfs.

Please make sure your child's winter stuff is out of their bags once you drop them to school. You can put their toque, mitts and scarf in their jacket's sleeves. This will save us a lot of time which we can use to do more activities.

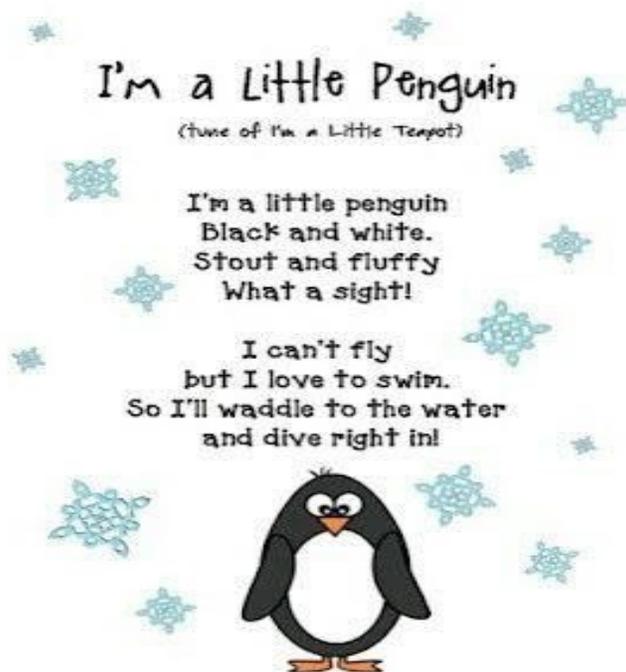

Winter Animals Movement

Polar Bear, Polar Bear Turn Around

Recite this rhyme and make the movements together:

Polar bear, Polar bear,
Reach up high
Polar bear, Polar bear,
Make no sound.
Polar bear, Polar bear
Dance on your toes,
Polar bear, Polar bear
Touch your nose.
Polar bear, Polar bear
Show your paws.
Polar bear, Polar bear
Hide your claws.

Polar bear, Polar bear,
reach up high,
Polar bear, Polar bear
Wink your eye.
Polar bear, Polar bear
Say good-night
Polar bear, Polar bear
Shut your eyes tight
Polar bear, Polar bear
Wake up now
Polar bear, Polar bear
Take a bow.
